PIONEERS OF
PROGRESS

MIE Industry Panel

ABSTRACT:

Have you been wondering how am I going to land a job? Does my first job matter in terms of my career? The Department of Mechanical and Industrial Engineering welcomes you to attend our Industry Panel as part of Northeastern's 2020 Engineers week. We are bringing in alums who are working in a number of fields, and have experience from senior levels at GE, to new employees at Boston Engineering. This panel will give both undergraduate and graduate students a look into what its like developing a career in Engineering and giving them a good idea of what to expect when they enter the workforce after completing a Northeastern Degree.

WHO:

Bob Kursmark, Chief Consulting Engineer at GE, Founder and Chief Consultant at Experium Engineering Consulting, **Marshal Doughty**, Project Engineer at NeuroLogica, **Rouzbeh Amini**, Associate Professor at Northeastern University, **Victoria Hunt**, Mechanical Engineer at Boston Engineering.
